

# Traumatic Brain Injury Data Collection

## New Jersey Profile

### Data Collection Information

#### Traumatic Brain Injury (TBI) Surveillance

New Jersey is one of 12 states receiving CDC funding for ongoing, systematic collection and analysis of TBI data as part of the Traumatic Brain Injury Surveillance Program. Through this program, each participating state characterizes TBI risk factors, incidence, external causes, severity, and short-term outcomes via population-based surveillance of TBI-related hospitalizations and deaths.
